GRAPHENE LEADERS CANADA INC. MOVES INTO THE EDMONTON RESEARCH PARK

Edmonton, Alberta, June 1, 2016 – Graphene Leaders Canada (GLC) Inc. announces their move to the Edmonton Research Park to commence in August 2016. The combined office and laboratory facility will provide improved laboratory space and equipment with offices to consolidate the team. The advantage of this move will allow for connections, meetings and collaborations with several of the more than 1,500 members and 55+ companies working in diverse fields engaged in advanced research in medicine, biotechnology, software, petroleum research, cold climate engineering, nanotechnology and clean energy.

"We were fortunate to find combined lab and office space suitable to our nanotechnology development needs. We commenced our search in January 2016 and quickly identified a lack in laboratory space in Edmonton. We are very pleased to secure the Edmonton Research location which will enhance our operational efficiencies and allow us continue to grow and evolve to keep pace with the potential graphene innovations we have in development," said Donna Mandau, GLC's President and CEO.

GLC will commence the move in August 2016 at which time GLC's new address will be:

9411 – 20 Avenue
Edmonton, Alberta T6N 1E5
Tel: 780-984-4737
Email: info@glcplus.com Website: www.grapheneleaderscanada.com

About Graphene Leaders Canada Inc.

Graphene Leaders Canada (GLC) Inc. is a private Alberta technology company producing very high quality, and high purity graphene nanomaterials which function as a platform technology leveraging the properties of graphene to integrate into unlimited application solutions. GLC will work with industry to develop new innovative and first-to-market products and solutions. GLC is focused in the environment and coatings markets. GLC's tag line is *"Making Great Products Even Greater"*
